About the Author

Ann Piestrup, Ph.D., designed the award-winning Juggles' Rainbow and is currently chairman of the board of The Learning Company. With more than a decade of experience in educational research, Dr. Piestrup is internationally recognized as an authority on the applications of microcomputers to children's learning. Dr. Piestrup earned degrees from the University of California at Berkeley and Seattle University.

The Learning Company is widely regarded as the pioneer in computer learning software. The company was founded by educational psychologist Dr. Ann Piestrup and the roots of the company remain grounded in educational theory. All TLC software programs are evaluated by its team of educational authorities and are extensively tested with children for their playful format and learning value. The company remains committed to providing children with software that teaches conceptual learning, logic and problem solving — skills that are needed for the computer age.

Juggles' Rainbow, The Learning Company's logo, and The Learning Company are trademarks of The Learning Company.

JUGGLES' RAINBOW™

JUGGLES' RAINBOW

Your child can develop reading and math readiness skills by playing with dancing rainbows, butterflies and windmills. In colorful, delightful games, children learn spatial concepts like above and below, left and right. Discover the fun of helping even your pre-reader learn to use a computer. Ages 3–6.
